WHAT IS REFLEXOLOGY?

Reflexology uses specific techniques of massage and manipulation of the hands or feet to stimulate the body's natural healing responses and to promote a sense of general wellbeing. Reflexologists believe that there are specific reflex points in the hands and feet which correspond to all organs, glands, and parts of the body. Stimulating these reflex areas unblocks nerve impulses and improves blood circulation to leave you feeling physically relaxed and re-energized. Reflexology treatments also calm and relax the mind thereby reducing stress and anxiety.

Then renewal of the skin begins using our house blended herbal oils and essential oils as the feet are treated using modern and old world reflexology techniques! The session ends with the application of hot towels and aromatherapy!

*Please note that reflexology and foot baths cannot be performed on feet that have ANY type of fungal infection, toenail fungus, open sores, warts or athlete's foot. Please examine your feet closely prior to booking this session.

K. CHERIE SPA HOURS AND APPOINTMENTS

The Spa Services are available 7 days a week, year round by appointment only! Please note that your stay for the Bed & Breakfast is booked directly through Endicott Gardens and your spa appointment is booked by calling or texting the Spa directly at 303.910.2152.

We will return your call or text within 24 hours or as soon as we possibly can!

Please have your B&B reservation number prior to booking with the Spa. We recommend early planning as we often book out 6 to 10 weeks in advance, especially in Spring & Summer which is busy tourism season on the Coast! Please note that May to November, we do require a 2 night minimum stay at the Bed & Breakfast in order to book spa services.

If you are a local resident, traveling tourist, and not a guest of the B&B, but desire to book Spa Services (April through November), please call or text us and we will do our best to get you booked or on the waiting list for scheduling! December through March we do not require a minimum stay at the B&B and have much greater flexibility for Day Retreats and experiences.

GUESTS & ARRIVAL TIMES

Please note that Endicott Gardens is a 21 & over venue, however in the Spa we see clients of all ages! We are also a pet free, animal free venue and ask that you respect that when you visit. We ask that only those receiving services accompany you to the spa unless you are a minor in which case the parent or guardian must accompany the minor. We ask that you arrive no more than 5-10 minutes before your appointment as we make sure that adequate time in between each appointment is allowed for guests as well as practitioners. If you are running late, your time will be deducted from your session in order to keep us on time and to respect the time of the other clients visiting the Spa that day. If you are running more than 15 minutes late, it is advisable to rebook your session (cancellation fees will apply).

CANCELLATIONS, FORMS & BOOKING DEPOSITS

We understand that life happens and sometimes you may need to cancel or reschedule your appointment. We ask that you give us a minimum of 48 hours notice if you need to cancel. Appointments that are cancelled within 48 hours will be charged 50% of the service and will be added to the next appointment. New clients to the spa will be required to pay a \$25 non-refundable deposit in order to book (this does not apply to bed & breakfast guests). If you have more than 2 cancellations in a 12 month period (within 48 hours or no shows), we will require that you prepay your spa visits before booking. Prior to your session, we will give you an intake form to complete and bring with you. Please let us know if you have any allergies, needs, or conditions that we need to take into consideration to make sure your experience is a great one!

CELL PHONES & ATMOSPHERE

We ask that you leave your cell phones either in your room or in your car or in the off position so that you can really relax and enjoy our tranquil environment! During your session, the practitioner will discuss your treatment and may ask you some questions. Once the session starts, the practitioner will only answer questions if you have them and will be silent so that you may enjoy the peaceful moments and the experience!

This is your special time and we want to pamper you and give you space to relax!
